

D60 Positive Safety Latch

FEATURES

- Easy opening and closing, only 3 lbs. pull required
- Trouble free operation, only 3 moving parts
- Tamper-proof security feature, hidden rear mounting screw prevents latch removal
- Complete assembly, latch, strike and release
- Available with keyed cylinder lock
- Padlocking provision, 3/8" dia.
- Safety release doubles as closing pull handle
- Gentle push safety release assures instant access to outside when latched, key locked or padlocked
- Adjustable strike, graduations 1/20" to compensate for gasket wear
- Unique strike design eliminates side thrust on door
